we are collecting data. I would encourage all to share with us at  
@NHSEngland @PHE\_uk so we can:  
analyse and adapt plans accordingly  
ensure we also dont cause any panic etc

Lets be cool ❤️

Oh!.that's not good news...

**Irene**  @irenep671 · 1 Apr 2020  
Heres one: ex brother in law: mid 40s dentist has been pretty unwell; very high temps & SOB I can get more details if necessary.

**Fraser Gibb** @drfrasergibb · 1 Apr 2020  
Vitamin D a potential factor?

**Ian** @IanStockport · 1 Apr 2020  
Without a measure of how common mild cases are in the same group this could just be a reflection of how social these people were a few weeks ago.

Yes.. but mortality till now limited to aged>50 with Co morbidities

**Gaurav Gulsin** @GauravGulsin · 1 Apr 2020  
We really ought to look at sex and ethnic differences in COVID19 infection outcomes.
