Emergency Preparedness, Resilience and Response Patient care

Tens of thousands of people who are suffering long-term effects of coronavirus will benefit from a revolutionary on-demand recovery service, the head of the NHS has announced today.

Nurses and physiotherapists will be on hand to reply to patients' needs either online or over the phone as part of the service.

The new 'Your COVID Recovery' service forms part of NHS plans to expand access to COVID-19 rehabilitation treatments for those who have survived the virus but still have problems with breathing, mental health problems or other complications.
