

Blindly & over looks - get on with more ~~exp~~

Byproduct signaling - allow choice if want to go early - may be people who are diff't -

Reduce intention, reduce risk -

How to help those who can't do - looking houses - want to change -

May future - mobility has changed -

Dim of search peak - advantages -

5*10x more than any search peak - & will have less price - volume!

→ on NHTS that it were proposed -

Get to have data flows.

Compare with Geny and others -

Searchlog - only hard to get people set - 1000 samples a week - (so low it!) - 2 - when a 1000 a week??

Fucked!

WE ARE NOT READY
