Subject: counselling for staff

Hi Carol

Am concerned about the impact that recent months have had on our teams. And in particular that we are not providing enough support for those who worked during the intense period on C-19. What do I have to do to get a counsellor available that we can point people to? I have had a number of people break down in tears on me this week so this is urgent.

I did something similar after Grenfell and it really helped the team.

H
