Thanks. So just to be clear what you recommend: no changes to the NPI interventions, (alongside the beefing up of the contact tracing, testing etc)?

AB Andy Burnham 17 Sep 2020 7:01 AM +00:00

Yes, that's it.

AB Andy Burnham 17 Sep 2020 7:01 AM +00:00

But we would like powers to do much quicker targeted enforcement - ie closures.

OW Owner of the cell phone 17 Sep 2020 7:02 AM +00:00

Yes - that's coming nationally for every local authority

AB Andy Burnham 17 Sep 2020 7:16 AM +00:00

Great, really welcome that. We would be prepared to do localised curfews too.

AB Andy Burnham 17 Sep 2020 7:53 AM +00:00

Key point just to stress again: we already have a confusing patchwork of restrictions across our 10. There is a clear sense here that they are of limited and diminishing effectiveness. But we are ready to introduce targeted closures/curfews etc
