Just want to let you know directly that we have had lots of feedback that Eat our to help out is causing problems in our jntervention areas. I've kept it out of the news but it's serious. So please please lets not allow the economic success of the scheme to lead to its extension

I don't know whether you have used it, but last week, at home, restaurants were insanely packed in the early week and then totally deserted in second half of the week
