I am v concerned about the cabinet office document on living with covid. It minimisers the risk from new variants in my view.

U Unknown 15/2/2022, 10:51 AM  
I haven't seen it. Have they sent it through?

This js what I sent simon r  
  
Simon I am a bit concerned the CO document 'living with covid' is very light on what happens when we get new variants. It's starting point is 'further resurgences cannot be completely ruled out'. Further resurgences are likely, the only question is how severe and how quickly we respond. I think this needs to be far more central to planning. Chris

Thanks. Simon has now sent me the paper

U Unknown 15/2/2022, 11:55 AM  
The paper is very unclear on expectations for self isolation following infection

Yes

Reads as if more thought has gone into presenting the work so far in a good light than the future.

U Unknown 15/2/2022, 12:00 PM  
Yes it is a puff for how brilliant they have been

U Unknown 15/2/2022, 4:27 PM

U Unknown 15/2/2022, 5:26 PM  
Are you aware of a quad meeting tomorrow?

# Chris Whitty [I&S]5@s.whatsapp.net> 15/2/2022, 5:29 PM  
No. Except there seems to be chatter about it.

U Unknown 15/2/2022, 5:30 PM  
I think it is on. Simon Case just mentioned it but I haven't seen anything come through here

# Chris Whitty [I&S]5@s.whatsapp.net> 15/2/2022, 5:30 PM
