Nicola Sturgeon

Club Statement - Aberdeen FC

afc.co.uk

This statement - from a club that's just allowed its players to breach the rules - is a complacent abomination!

That had agreed not to put anything out until 9 so annoyed that it went out before we could stop it. We agreed that I'm going to meet with SFA & SPFL tomorrow morning.

Ok. My view is if anything stronger that match should not go ahead - I think the public messaging around it, esp for Perth v bad. Happy for you to tell them it's me if it helps

Jason Leitch

That may well help....
