[10/12/2021, 07:46:46] Jason Leitch: Hey. What a mess. Honestly!!! No one knew PHS were going to say this. So...my line on radio later will be;

- this is the public health advice and we agree
- consider postponing parties
- this is not dinners or having family round
- be careful etc.
- "what's a party?" - everyone knows what a party is. Use common sense.
- "what about business support?" We will consider etc....
