Simon

Thanks for this. I see the 4 major risks of high prevalence as:

1. Hospitalisations and deaths – reduced compared to previous waves but still could be high
2. Long Covid spectrum of effects
3. Workforce absences for businesses and NHS
4. Increased probability of new mutations

Patrick

Subject: Pre-mortem - Step 4 unlocking

Dear all,

Ahead of tomorrow's meeting please find attached a note on risks associated with high COVID-19 prevalence.

Thanks,

NR
