Matt, are you happy with a Gold at 4.30pm and then Covid O at 7pm?

LT **Leila Tavakoli** 13 Dec 2020 12:20 PM +00:00
The Covid O is subject to the PM's diary, as Imran thinks he will want to chair

PM wants to do covid-o first thing because of brexit stuff today. I've said we need as early as possible for regs. Imran's suggested keeping gold today and have covid-o ministers on the line to go through detail and then can share paper and pack with PM overnight and line up for morning. Imran has said PM will definitely want nhs capacity data included. That ok Matt? Similar to you, PM also concerned about Sadiq handling.

Matt, the CMOs from the DAs normally attend Gold to listen in. Would you like them today?
