

Twentieth SAGE meeting on COVID-19, 29 March 2020.

Held via Video Teleconference.

## Addendum

This addendum clarifies the roles of the SAGE attendees listed in the minute. There are 3 categories of attendee. Scientific experts provide evidence and advice as part of the SAGE process. HMG attendees listen to this discussion, to help inform policy work, and are able to provide the scientific experts with context on the work of government where appropriate. The secretariat attends in an organisational capacity. The list of attendees is split into these groups below.

## Attendees

### Scientific experts:

- Patrick Vallance (GCSA)
