**Subject:** RE: Correspondence from Jeremy Hunt

Thanks [NR] SoS has reviewed the letter and noted that it is excellent. We will get this issued to the HSCC this afternoon.

He did have two comments on the wider policy:

- We need more research on non-hospital patients suffering long term symptoms, i.e. those who had mild cases of COVID initially. He would like advice on this. Could we please have something for the box on Friday.
- On the work looking at the most significant issues patients experience when discharged, and the development of personalised care and support plans, SoS's view is that there needs to be an increase in budget in this area to ensure the proper resources are available.

Hi NR

Thanks for sight of this.

The Recovery and Learning Call has closed and the awards have been made, but are not yet in the public domain, so the following sentence is not correct:

*The recent NIHR Recovery and Learning Call, which is currently open to researchers to submit proposals on the long-term health effects of COVID-19, will also support research to better understand and manage the health and social care consequences of the global pandemic.*

Can you please change this to:

*The recent NIHR Recovery and Learning Call will also support research to better understand and manage the health and social care consequences of the global pandemic.*

Going forward, can you please check lines on research are correct with SRE as things are moving rapidly.

Many thanks,

NR

Hi NR

Please find attached the response to the letter from Jeremy Hunt.

Apologies for the delay in sending this to you. Please let me know if you require any changes to be made.

Many thanks,

NR

**Subject:** Correspondence from Jeremy Hunt

Hi NR

I understand that your team is now picking up long term COVID impacts briefing. We have received the attached letter from Jeremy Hunt, as Chair of the Health and Social Care Committee, following correspondence he has received from the Long COVID Support Group.

I would be grateful if we could have a draft response for SoS by COP on Monday. I have attached a letter SoS sent last week on the same topic for reference (and copying Jen who drafted).

Thanks

NR
