

[03/04/2020, 09:38:46] Covid-19Health: You created group Covid-19Health

[03/04/2020, 09:38:46] Covid-19Health: Messages and calls are end-to-end encrypted. No one outside of this chat, not even WhatsApp, can read or listen to them.

[03/04/2020, 09:43:56] Jeane Freeman: Morning all. I've created a new group cos I wanted Graeme in it and this was easiest way for tech rubbish me! On PPE we've got Graeme on the special email monitoring duties which is grand but it occurs to me that we could also use our chairs to link directly on Board PPE. In my regular text round of Chairs this is being raised. Of course they should know what to do but.... So Joe or Clare could one of you take that on please? Weekly check in with Chairs on hospital level PPE supply and follow through if there are issues? Of all the routes the board one is the longest standing and should work the best but....I'm hoping you have all now seen the revised guidelines across health and social care plus info graphics and phone lines? Thanks

[03/04/2020, 09:52:16] Joe Fitzpatrick: I'm happy to take that on.

[03/04/2020, 10:28:29] Jeane Freeman: Thanks Joe. I'll catch up with you on the what and how. I might struggle for Zoom call today. Could we all do it Sunday? Trying to have Saturday off, ðŸ˜ˆ,

[03/04/2020, 10:38:17] Greame Dey: Got helpful written PPE dupply briefing from official yesterday. Want now to dial into call with Single Points of Contact today but having problems making contact. Will make happen

[03/04/2020, 10:38:48] Joe Fitzpatrick: Yes. Sunday fine

[03/04/2020, 10:39:04] Greame Dey: Sunday fine also

[03/04/2020, 10:56:44] Jeane Freeman: Andy can sort SPC call for you both.

[03/04/2020, 11:02:56] Greame Dey: Ok

[03/04/2020, 11:10:15] Clare Haughey: Morning All. Sunday is good for me

[05/04/2020, 09:26:46] Greame Dey: Can you let me know timings for Zoom call ? Just so i can work my packed diary around it ðŸ˜ˆ

[05/04/2020, 09:38:47] Jeane Freeman: Morning all. Sorry not to get back to you before now. Given yesterday's issue with Catherine, we might have to do this tomorrow but possibly this evening (early) if that's ok for you? What would be helpful is to have your thoughts on how we move on from this re CMO.

[05/04/2020, 11:53:22] Clare Haughey: I'm happy to have a call whenever suits everyone else

[05/04/2020, 11:54:37] Joe Fitzpatrick: This evening or tomorrow fine. Difficult re CMO. Latest comment much better than initial lines which looked a bit like making excuses.

[05/04/2020, 11:59:23] Clare Haughey: I agree Joe. Is the CMO doing today's briefing?

[05/04/2020, 12:00:30] Joe Fitzpatrick: I think she had to.

[05/04/2020, 12:01:02] Jeane Freeman: She will be

[05/04/2020, 14:05:48] Jeane Freeman: Graeme - did you check out West Dunbartonshire PPE for health and/or social care?

[05/04/2020, 14:30:34] Greame Dey: Is in hand. COSLA liaison coming back to me on both places by close of play today with update.

[05/04/2020, 16:29:55] Greame Dey: COSLA not been able to get answers from those two LAs. Coming back to me tomorrow. They are getting a letter from Chief Nursing Officer later today on correct use of PPE which each LA will share with social care providers to try and tackle any misuse through misunderstanding.

[05/04/2020, 18:25:21] Joe Fitzpatrick: Joe Fitzpatrick changed this group's icon

[05/04/2020, 21:37:53] Jeane Freeman: Hi. I wanted to let you know before it is public later tonight that CMO has resigned. DCMO will step in and do briefing tomorrow and over course of day I expect he will step up. It's heartbreaking tbh but right. We can
