

[18/06/2020, 13:44:35] C19 AG Secretariat: Messages and calls are end-to-end encrypted. No one outside of this chat, not even WhatsApp, can read or listen to them.

[18/06/2020, 13:44:35] Daniel Kleinberg : Daniel Kleinberg created group "C19 AG Secretariat"

[18/06/2020, 13:44:36] C19 AG Secretariat: Daniel Kleinberg added you

[18/06/2020, 13:45:06] Daniel Kleinberg : All - a channel for secretariat team and Andrew.

[18/06/2020, 13:48:24] Daniel Kleinberg : First post shameless. I'll be offline for an hour taking my daughter to meet her teacher for when she starts p1 next year.

[18/06/2020, 13:48:28] Daniel Kleinberg : image omitted

[18/06/2020, 13:48:53] [NR] Oh sweet! What a big moment and important milestone!

[18/06/2020, 13:53:49] Andrew Morris: Great channel

Great picture!!

Andrew

[18/06/2020, 14:57:34] [NR] Brilliant

[18/06/2020, 18:21:40] Daniel Kleinberg : I've a lot of learning and prep to get up to speed for Thursday!

[19/06/2020, 13:58:25] Daniel Kleinberg : DFM has asked if the sub group on education could meet before Thursday. I've said that we are likely to have 2m on the agenda for substantive discussion in any case, so Carol T bringing in any substantive considerations from the sub group would be neat.

[19/06/2020, 13:58:40] Daniel Kleinberg : Andrew - is that ok with you?

[19/06/2020, 13:59:11] Andrew Morris: Great

[19/06/2020, 14:00:44] Daniel Kleinberg : I said the key would be staying on the science, both of transmission but also the costs and benefits of school attendance. There are a series of sensible questions for the sub group which I will put to you and the secretariat.

[19/06/2020, 14:04:07] Daniel Kleinberg [NR] / [NR] - might take a bit of Slack coordination.

[19/06/2020, 14:55:10] [NR] [NR] had set up a slack channel for the education sub group, so their discussions should be separate but accessible.

[19/06/2020, 14:56:30] Daniel Kleinberg : 🍌

[19/06/2020, 14:57:18] Daniel Kleinberg : In other news mandatory flu vaccines for HSC workers a Cab Sec question.

[19/06/2020, 14:57:29] Daniel Kleinberg : One for Harry's group, perhaps.

[19/06/2020, 15:06:12] [NR] Yes, Derek Grieve has suggested this and asked to have a call with Harry next week

[19/06/2020, 15:13:53] Andrew Morris: Hi folks

A random thought is that we should pull together an organogram which outlines the CMO advisory group; including the subgroups. Then we can start to see how it all fits together in a coherent way! Let me know if you think this is a good idea

Andrew

[19/06/2020, 15:14:26] [NR] Great thought! We discussed this on our team catch up this morning so it's in the works

[19/06/2020, 15:43:46] Daniel Kleinberg : We were also going to add other scientific groups in the landscape.

[19/06/2020, 15:43:55] Daniel Kleinberg : Just had a good call with Carol T.

[19/06/2020, 16:53:20] Daniel Kleinberg : A wee thought - Devi has just published a paper on elimination as a strategy to Slack. I'm not sure if it's status - but as the last paper on schools became a Sun article and this one is some way ahead of thinking in other parts of the group, worth Andrew asking if Devi wants to bring it to the group for discussion?

[19/06/2020, 18:06:56] Daniel Kleinberg : Mark W pushing back. Worth a Chair's intervention early next week...

[19/06/2020, 18:10:01] Daniel Kleinberg : I'm signing off now - weekend off but use this channel if you need me to check something urgently.

[19/06/2020, 18:13:27] [NR] Same here. Have a good weekend all!

[19/06/2020, 18:14:14] Daniel Kleinberg : [NR] - thanks again. 🌟

[19/06/2020, 18:36:07] Andrew Morris: Thanks team!

[19/06/2020, 20:05:19] [NR] Andrew - if you let me know here when you've sent your response to FM's questions on the last meeting's minutes I'll log on and make sure they get to FM's office. Apologies if you've already done so; my outlook has stalled and is refusing to do anything at the moment.
