SGoveney

Not NSMC

- too much pressure on officials

- calls to CMO by party colleagues - don't abuse

- officials getting tired.

DAERA - milk collection

TED - C3

Dept risks - support

237 tests - 7 hospitals across NI.

Legis.

FM/AFM - ORRA - progress on legis.

Working with OLC

Suggestion - Assembly CCs too long -
may need amend^{ment}.

Recomm - devolved admin

- suspend []

Westminster based legis - but controlled
by local jurisdictions.

Shorthe - self-isolation / home stay
blat next 7 days.

Planned / co-ordinated

2-3 weeks - larger self-iso. for
vulnerable people - over 70s.

Planning is well under way

Bfs Council - St Patrick's Day.

Orgs take own decisions - heed advice,
look for support - will get more real.

Dept engaging with ROI, Eng, Scot + Wales

Social media - no borders.

Insure CMOs with + Sth give same info - or causes confusion.

Community/vol sector

- creches - if close for a while, may go to the wall

Spike

My dept looking at plans, contingencies

DOH

Economic implications - orgs. want money - if we tell them to close, they want us to give them money.

DE.

Close too early - knock-on effects
Schools close - parents have to stay at home - takes people out of workplace eg. nurses/doctors.

DOH

Friendly relationship [I]
Concern - NSMC - takes people away from own work

DOF

N/S - ~~bureaucratic~~

New Govt in Sth?

Differential in advice with + Sth - advice for whole island.

HR issuing advice to MCS staff.

Conversation with Treasury

- resource needs to be sent to this

issue .

FM Taoiseach's advice different to PM.
One CMO + ROI CMO on same page?

DOF NSMC - overly bureaucratic. Need to be
able to react
Need consistency of approach.
