B Storey funeral
* Record - how situation unfolded,

acted within regulations.

Views of Bobby Storey - divorce from my actions.

Invited by family, honoured to do so
huge figure, knew thousands not
wish to attend.

Organizers - online streaming,
watched by 250,000 people.

Cortège - 30 people.

Stewards - lined route to prevent
people joining cortège. - 2m

Worked with PSNI - monitored.

Mass - masks, hygiene, social
distance.

30 people in cortège.

People entitled to view.

People vote with feet.

People - applause along A/town Rd

Organizers - tried to keep people
apart.

No dilution in my mind of public
message.

Not out of woods yet.

Throughout crisis, have led from
front, will continue.

No offence intended

DFT

Given the way this is being felt
- need Exec response.

We have all lost people.

Issue re messaging, credibility
as Exec - need to acknowledge.

DFE

DFC. Noah Donohoe funeral v sad + difficult.

Distasteful to compare with Bobby Storey funeral - quasi-uniforms. Desist.

Acknowledge all communities in Nth Rfs - Noah.

Have listened to stories of people who lost loved ones - COVID, v sad.

Clear breach of regs at ~~B~~ Storey funeral.

To say 'mostly not my fault' will create diffs for Exec.

Remorse, acknowledge hurt.

Economists in dopt - unemploy^m at reach 100,000 by end of year, worst since 1980s.

Undermining work of Exec - absolutely disgraceful.

dFul - need to express remorse for rule break at funeral.

DOF

All wd have liked to go to other funerals.

Rules relaxed - not same circumstances. Breach of regs - technicalities.

I attended, but not in cortege.

Chapel - soc dist - stewardship.

Miss argued for approaches.

Continue to articulate advice.

Will continue to $\{ \quad \}$.

Attended funeral on basis of regs.

People can say what they want to say - entitled to opinion, I am entitled to be sceptical.

dFM

I have acknowledged hurt - but Regs/restrictions have moved on. Everyone has had say, continue to work through pandemic.

FM

Upset about Exec meeting.

Huge damage

Noah search - all parties, communi - not soc dist.

dFM + I are leaders of Exec.

More than 30 at funeral - cortege not same as funeral.

New guidance not signed off.

Social media full of pics - uniforms guns.

Hope moment for Exec.

Can't stand on platform today with dFM + give out public message.

Won't just disappear.
