Subject: RE: SAGE and NHS related reports
Importance: High

Hi Tracey
Rob and I have spoken further – and I have updated the PHW IMT, with Quentin present.
Rob has confirmed that we now have access and Quentin and I will work with Rob to identify how we bring the right expertise to support asap.

Cofion/ Regards

Andrew Jones

Rob, many thanks and much appreciated. I'm at the H and SC leadership gig later on if you happen to be around? I'm sure Quentin has thoughts on this and so the sooner we can have sight the better –fully understand the sensitivities. We are trying to keep up with significant demand whilst endeavouring to plan at least 2 steps ahead at any given time.

Many thanks
Tracey

Subject: RE: SAGE and NHS related reports

Dear Tracey

Andrew and I have discussed this and are in the process of establishing a formal mechanism by which PHW should be better sighted of technical information that will inform the planning process. This was also raised at CMOs meeting this morning, which Gill chaired on behalf of CMO. I would be more than happy to discuss this with you if that would be helpful.

Best wishes

Rob

Subject: SAGE and NHS related reports

Dear Frank, we are aware that in documents you receive from the UK Government are technical papers from SAGE. We also understand that some of these contain important information that is already informing the planning and preparedness of the NHS system in England. It is essential that we, and the NHS in Wales, can be made aware of these key assumptions in order to best response to and continue to plan our progressive response to COVID-19.

Can we please pick this up when we meet with Andrew tomorrow.

Many thanks,
Tracey
