Rob,

Absolutely I can ensure you get the readout. Not quite sure what you mean by groups?

Dear NR

Please can you ensure that Welsh Government, particularly the Health and Social Care Group through our CMO (Dr Frank Atherton cc'd) and myself as CSA for Health and included in the read-out from the SAGE meeting. Please can you also confirm which groups have devolved nations joining to ensure there is appropriate and timely input from a health perspective. I would be happy to call you to discuss further if that would be convenient.

Best wishes
Rob

Dr Rob Orford

Subject: For information: pre-SAGE this afternoon on Wuhan coronavirus

For information to all CSAs and CSA offices:

This afternoon (Wednesday 22/01) Patrick will be chairing a precautionary SAGE meeting on the Wuhan Coronavirus. The aim of the meeting will be to review the triggers for escalating HMG response and ensure that all departments are on the same page. The SAGE agenda will cover; a situation update, a review of NERVTAG (New and Emerging Respiratory Virus Threats Advisory Group) conclusions, transport related issues, triggers for escalating HMG response, and UK health readiness.

The meeting will have a relatively small cast list including CMO, CSAs from relevant departments (including DfID, FCO, DfT, and the CVO), and academics with relevant expertise. **Should your department and ministers have an interest in this, or are attending x-government meetings, we would expect you to flag the existence of SAGE and provide a readout of this afternoon's discussion.** We will aim to send you a copy of the meeting note later this week for information.

Very happy to answer questions, please get in touch.

Regards,

NR

Government
Office for Science

NR

Senior Private Secretary to Sir Patrick Vallance, UK Government Chief Scientific Adviser
