### Outstanding Actions

<b>SC</b> to draft PHW epidemiological report for Friday or Monday's TAG
<b>SC</b> to invite <b>DJ</b> to join PHW surveillance cell meeting to link in wastewater data flows
<b>RO</b> & Water policy colleagues to approach CMO to discuss a wider environmental strategy, including NRW
<b>AJ</b> and <b>SC</b> to pick breaking positivity down by separate groups of people up with RHowe offline as well as look at providing a figure for expected lab turnaround times.
<b>AJ</b> to check with PHW colleagues if we there will be real-time data flows from the contact tracing system.
<b>RO</b> to approach WBS and ask why the PHE seroprevalence study no longer includes Wales data and if it should be captured in the CMO Report. It may also be worth contacting the author of the report.
