Subject: COVID - Four Nations Science Discussions

Dear Patrick

This morning we met with CSA colleagues from the Celtic Nations to discuss some of our shared COVID science priorities (e.g. modelling, reducing R, testing, publishing outputs). It is likely that we will meet again later this week. It would be very positive if we could take a four nations approach such that there is sharing of experience, knowledge and opportunities in order to reduce direct and indirect harm from COVID-19 in each of our devolved systems.

Kind regards
Rob

Dr Rob Orford
