

## COVID-19 INQUIRY: MODULE 2B

### SUBMISSIONS ON BEHALF OF THE NATIONAL POLICE CHIEFS' COUNCIL

1. The National Police Chiefs' Council (**the NPCC**) has provided consistent representation for policing throughout Modules 2, 2A, 2B and 2C of the UK Covid-19 Inquiry.
2. In its written opening submission to the Inquiry for Module 2B, the NPCC acknowledged the limited scope of its involvement at the Module 2B hearings. Having listened very carefully to the presentations, evidence, and submissions made in the course of those hearings, references to or touching on policing have been limited; nothing has been said or referred to which requires or merits further comment or observation by the NPCC.
3. The NPCC respectfully reminds the Chair of the existence and content of its written opening and remains ready to offer further assistance to the Chair and in support of the work of Inquiry, if that would be helpful.
