Subject: current draft guidance

Importance: High

All,

Shared in the strictest confidence please – current versions of the new care home and dom care guidance. There are further changes to make to these but I wanted to give you a chance to have a look at before we meet later.

I'm afraid the Gold Command Strategic Cell meeting has moved, which means I've had to shift our meeting from 4pm to 1.30pm. My apologies – I hope everyone can be flexible with their diaries.

Many thanks,

Mark.
