DUP taking things out of balance in the Chamber

Fan R 0.8
① 260s R just over 0.9 (was 0.7 last week)
↳ this one is doing hospital
situation $\Rightarrow$ quite worrying

Wales had schools opening but slightly up and
movement on R
(they were closed for just over a week)

TTP cannot be effective at current
levels of infection.

* Fan now looks like a 2 week
extension may not get us to
the other side of Christmas.

Wales seem to be in same place
as us.
