Face coverings

We recommend the use of cloth face coverings (mouth and nose) for short periods of time when members of the public are in enclosed spaces where social distancing cannot be maintained. Examples of such locations would include public transport and some shops. Evidence is not strong enough at present to recommend the use of cloth face coverings outdoors or for prolonged wear in enclosed spaces.

Richard/Michael/Ian

Please find attached a further draft on which I am seeking

- i) Any comments on the revised tables which have inputs from DfI, DE and DfC. DfE have said they cannot easily fit work and retail into this format but you will see I have included garden centres in stage1.
- ii) Inputs on the revised guiding principles section, face covering and the CMO MoU as sought yesterday;
- iii) Any comment on the new para (1.15) which is drawn exclusively from the announcement made by your Minister last week.

Grateful for a speedy turnaround if possible but well aware of the competing pressures you face - if you could give me an idea of when you will be able to respond that would be helpful in managing FM/DFM expectations.

Peter
