KEY POINTS DISCUSSED:				
<p>Rebecca Common ground – to highlight particular items. Hoping to hear something on flexibility and on DEL and ability to carry over money into next year and better access. Keen to hear more on intended health and any other consequentials that may be coming. Seeking commitment to engage fully on spending review. Developing forward look for infrastructure projects.</p> <p>Summer budget update – disappointed that nothing on flexibilities</p> <p>CM – disappointed with summer statement – amount not sufficient for economic recovery – trying to plan with limited resource. Agree on flexibility and overspend. Another issue arising with benefits and whether that will be Barnett money. Will be raising the job retention scheme re tapering out and will also raise with DWP and how benefits will be paid under AOB. Executive focused on immediate term and attempt to stimulate economy recovery and align financial capital to this. Always looking for multi-year budget. Need to collectively press issue on flexibility. If offer made tomorrow on flexibility then should assess with officials and get back together next week. Going to raise bounce back loan under AoB and possibility of getting flexibility on this.</p> <p>Kate – want something on flexibilities and overspend are our issues – will flag that CST will be in Edinburgh. Been good to look at this from all devolved perspectives. It would cost nothing to switch from Capital to Revenue.</p>
