7pm.

11/11/20.

Health.

Prepared services 2 weeks.
Naomi's paper copywriting

CMO

para 4 - Key paper will be middle
projection.

CSA.

Minor changes to proposals discussed
any adjustments are in limits of uncertainty

Evidence of a $\uparrow$ going up for 2nd 2 weeks
of restrictions close to para 9.
don't know where will settle. Points to
Middle projection.
Updated models next week.

Liverpool lens - for exit strategy
pos. to
Shedder corridors

Vaccination all in dept - what will it
look like - how to develop Brett
She.

for - 650,000 vaccines $\rightarrow$

We are very close this. Day to go for this

Queens University health care workers
testing.

lateral flow piloted at significant scale.

Will start vaccinating before Christmas -
planning for months.

Reporters were happy re test have a vaccine.

CMS

can only provide assessment of test
vires - degree of infectivity. Most
challenging are these past days.

Ministers must live in a age of issues
inc economy

We will continue to monitor ~~the~~ closely +
progress of epidemic
