

UK Covid-19 Public Inquiry

Financial Report to 30 June 2024

Overview

The UK Covid-19 Inquiry is the independent public inquiry set up under the Inquiries Act 2005 to examine the UK's response to and impact of the Covid-19 pandemic, and learn lessons for the future. The Inquiry is chaired by Baroness Heather Hallett. The Inquiry was formally established on 28 June 2022 when its [terms of reference](#) were received from the Prime Minister.

The information in this report sets out the expenditure for the UK Covid-19 Public Inquiry for April to June 2024 (Quarter 1 2024-25), as well as the cumulative position to date since the Inquiry's set up in 2022. All figures are in thousands of pounds and exclude VAT, where applicable.

The Inquiry's examination of the different aspects of the pandemic covered in the Terms of Reference is divided into investigations known as 'modules'. The modules of the Inquiry are announced and opened in sequence. Each module has preliminary and public hearings, details of which are published by the Inquiry ([UK Covid-19 Inquiry Modules](#)).

Every Story Matters, the Inquiry's UK-wide listening exercise, provides an opportunity for people to tell the Inquiry about their experiences without the formality of giving evidence or attending a public hearing. These experiences are being collated, analysed and fed into the investigations via themed reports.

To perform her functions effectively, the Inquiry's Chair is supported by a secretariat which provides the staffing and services needed to run the Inquiry. This includes arranging appropriate legal support for the Inquiry's investigations, accommodation for its hearings, emotional support to minimise the risk of re-traumatisation for those engaging with the Inquiry and a website, communications and security to support the Inquiry's work.

9. Basis for figures in this report

The Inquiry is an independent statutory Inquiry. This means it is not part of the Government nor is it run by any department.

The Cabinet Office sponsors the Inquiry and provides resources for the running of the Inquiry. A joint management statement [here](#) ensures clear roles and responsibilities are in

place to safeguard the independence of the Inquiry, in accordance with the provisions of the Inquiries Act 2005 and the Inquiry Rules 2006.

All figures within this report are recorded on a resource accounting basis, with estimates for work completed utilised to calculate values where invoicing has not yet been received. Inquiry assets are not depreciated. Figures are audited by the National Audit Office as part of the sponsoring Department accounts (in this case those of the Cabinet Office).
