**Subject:** FW: MACA - WAST ambulance drivers support request

For Minister and FM to be aware in reviewing [NR] note below, I think the costs will reduce from these levels in discussion. Also I feel that the request made is higher than we should expect to receive even if reflects genuine pressures in WAST –the military have worked really well and reasonably with us over time and closely here in Wales, but I would welcome numbers even if they are lower than the request. Personally I feel that an offer of around 100 military personnel is more likely, more practical to be delivered, would be higher than we had before, and would be equivalent in numbers to similar proposals in Scotland and NI. Costs obviously would be lower accordingly. I am also working on some options to support WAST planning with military planners as their solutions are broader than just this MACA request. Happy to discuss.

Andrew

[Name Redacted]

Further to the request for confirmation of costs I can advise that the provisional costs received from the military are as follows:

Total full cost	[I&S]
Total marginal cost	[I&S]
