**Subject:** RE: Covid-19 Dashboard - PPE - Gowns stock-out [Official Sensitive]

Hi all,

With thanks to Emily for the update:

- We have enough gowns to get through tomorrow and enough coming in tomorrow for the next day, etc.
- No trust has run out and there has been lots of mutual aid (especially in London).
- FCO are looking into mutual aid options, and they have cleared a deal with Egypt today that we hope will be delivered later this week.
- The dashboard will show that tomorrow we are out of stock (we currently have c60k and need to send out c60k). However, a delivery of another 60k is expected from Amazon tomorrow.

Best,

[NR]

All,

Following up from this email chain from yesterday, I was wondering if there was any more information on the below graph which is still visible in our Ministerial Dashboard, especially:

- 1) Whether the stock-out date for gowns as today was accurate?
- 2) If so, then what are the plans currently in place to help mitigate this situation?
