Subject: Note of support from Patrick and me

Dear June

Patrick and I were just agreeing how lucky we are to have such a strong independent regulator as MHRA, and you at its head, at a time of intense pressure around vaccines in particular, but also other COVID-related work.

We just wanted to send a message of support and recognition.

It is very unlikely, but if at any time you feel under pressure that impinges on your total independence and want support please do let either or both of us know, as the whole system depends on the integrity of MHRA on behalf of the public.

But mainly just a thank you to you and all your team for the work you all do.

Best wishes

Chris and Patrick

Prof Chris Whitty CB FMedSci
