GOVERNMENT
C-19 STRATEGY MEETING (20)64**

MEETING TO BE HELD AT CABINET ROOM, No10 DOWNING ST

Monday 4 May 2020 0945 - 1030

ACTIONS

1. DHSC, working with PHE, to consider how to republicise guidance on the use and re-use of PPE where appropriate.
2. DHSC, working with NHS, to supply specific data on PPE inventories across all NHS trusts by the end of the day today (Monday May 4) and to confirm the respective percentage of care homes and social care settings that are reporting inventories to DHSC.
3. DHSC to produce, by close on Tuesday 5 May, a plan which sets out (i) a proposition for the definition of the PPE test; (ii) a clear and credible set of steps that will be taken to meet the PPE test; and (iii) a forecast of when the PPE test will be met, including an assessment of whether the test can be met by the end of the week. This plan should be consistent with the data picture set out in the CCS dashboard.
4. DHSC to produce, by close on Tuesday 5 May, a revised version of the bubble charts set out in the document presented for discussion today which includes an updated supply and demand model covering a 90 day period, and includes a projection of demand across the NHS, social care and the wider economy. This should take into account inventories of current stock and guidance on usage.
