

I'm being chased about this....

Can someone see what is going on please?

I have just spoken to David Meller (a good friend of Michael Gove) who was asked to source PP3masks in China. He has managed to do so, and has been given a verbal commitment for 40m masks.

This as you will see below has come through the MOD (not sure why). He now need an urgent order to secure the 5m in Holland and the balance in China.
