I've asked **NR** to look at the Danish thing from a policy point of view.

I can't tell you how grateful I am to you for pushing all this so hard.

Its getting much better.

Max and Chris seem more on it. Yesterday I fed in 5 leads – 4 serious – and they followed up. When I sent stuff to Andy Wood it seemed to die...he was overwhelmed.

This Danish offer is a bit different and requires some more flexible thinking – so it got stuck....Max now seems to be on it...although not sure why approval should take a few days!

Thanks

On PPE do you have the good enough leads into the system?

Ministerially it's not technically James's gig - do you feel like you can get the system to respond?

Hi Andrew,

[REDACTED] I&S

copied on this email is the head of the Danish taskforce.

He would be glad to share his experience in how they organized them selves with regards to the procurement of PPE during this Covid 19 period, and could also elaborate on the cooperation with Bestseller/Nine United.

Hope this introduction can be mutually beneficial.

Best Regards
