No ideas if this has priority - but it is one of the 40 companies that Rachel Reeves MP raised

We dont have details of their offer unless in Mendix pls check first and iof they have a caseworker (unlikely) get in touch with them

Chris,

Please see below emails into CCS from one of the critical suppliers we engaged yesterday morning from the minister / labour party list. This needs urgent allocation within the technical assessment.

Colleagues,

Please could this be dealt with as a matter of urgency and please confirm how you would like us to reply unless you will reach to them direct.

Thanks
