Subject: PIPP stockpile

Sharon, Liam,

You should be aware that any decision in relation to release of items from the DoH emergency PIPP stockpile needs to be approved by myself as CMO and therefore directed to me from Minister.

I indicated to Keith Willet NHSE last night that we would of course endeavour to support as best we could as this was the right to do. There are concerns that the DHSC stock anticipated may be of variable quality and timeframe for delivery is indicative.

Might I again ask for the information on “run rate” of demand as against supply and modelling you indicated this morning.

Michael

To note below.
The 50k is in our Emergency Stock. Can you arrange for supplies to be transferred as quickly as possible.
