**Subject:** Our test pipeline supported over 200 locations

Dear Charlie, Sam and Steve,

Our auditors asked for evidence to support the following text in the annual report:

*By 31 March 2021, our testing pipeline had conducted just over 385,000 highly reliable, rapid turnaround tests and supported ten London hospitals and 150 local care homes.*

I thought you might be interested to know that, based on info below from Ann Hannah, we supported over 200 locations in total!

Regards  
Catherine

Dear Catherine

You asked for information on the locations that the Crick supported with the PCR testing pipeline. From analysing the TDL Winpath system that records the locations, I can confirm the Crick processed tests from the following locations:

Acute Hospitals - 13

- 1 North Middlesex University Hospital
- 2 UCL Hospitals
- 3 Central Middlesex Hospital
- 4 Mount Vernon Hospital
- 5 Northwick Park Hospital
- 8 Royal Marsden Hospital
- 9 Royal National Orthopaedic Hospital
- 10 Ealing Hospital
- 11 Royal Free Hospital
- 12 Chase Farm Hospital
- 13 Barnet Hospital

Community Hospitals - 5

- 1 Edgware Community Hospital
- 2 St Pancras Hospital
- 3 Finchley Memorial Hospital
- 4 Clayponds Hospital
- 5 St Charles Hospital

Additional locations including Care Homes, Mental Health Facilities, Crisis Centres, GPs and Medical Centres = 186. These are included in the attached file.

Thanks

Ann
