Subject: SAGE - BREXIT

Dear Peter

This morning there was an SCS meeting on ECC(W) BREXIT preparations. We briefly discussed SAGE and the link with COBR/Welsh Government. Perhaps this is something we could discuss, as it would be good to understand how Health and/or other departmental professional advisers feed into (or from) the advisory group. Also, perhaps we could discuss how we use, or develop, scientific advice for non-devolved issues in an emergency. We have some mechanisms for advice giving through statutory health advisory groups but I'm less clear for complex issues, or in emergencies, particularly those involving more than one sector.

Perhaps related to this, earlier in the summer I started to receive the weekly CSA-Network updates but this seems to have dropped off – I will follow up directly, but would welcome your reflections.

Best wishes
Rob
