

ACTIONS	ACTIONS	
H	NHS to supply ICU bed data (including planned capacity, expected demand and forecast projection without mitigation actions) in London to add to slide 5.	
H	DHSC & NHS to include data and plan for projected extra beds over time (inc. field hospital use) on slide 6.	
H	DHSC to action comments on additions and disaggregations of the indicators on slide 4.	
H	NHS to include data at regional or Trust level where possible for all data.	
H	NHS to supply figures that break down ICU bed supply (by end of the week) and demand projections (by next week) for regions.	
H	DHSC to undertake additional work on metrics for Adult Social Care (ASC) capacity and resilience.	
H	DHSC to clarify that the stop on elective surgery is mid-April not mid-May.	
H	CMO to consider whether definitive guidance can be given to care homes that they must accept patients on discharge without COVID-19 testing if they are asymptomatic.	
H	Additions to ASC Resilience slide to show more detail on actions planned and timing.	
H	DHSC & NHSX to consider further metrics on ASC bed and care package capacity to support discharges through to the care sector.	
H	Public Services Ministerial Implementation Group to agree the prioritisation of PPE to non-NHS workers (inc. residential schools and social workers).	
H	Changes to the wording of the paper circulated by MHCLG agreed, which would ensure immediate closure of non-compliant venues and using police enforcement where appropriate (rather than in extreme cases).
