household risk seems to be where problems are
take the quickly / decisively.

fairly modest age - correctly targeted
households - G. Manchester

only by getting things for you can get results

- grateful for continued cooperation + the way we are
working together.

- draft text

- extremely helpful - next phase - at all possible / absence of
vaccine / only as interest for controlling virus

public messaging - have a UK that speaks
hear, clear + simple messages.
simplicity + clarity really do help.

really really had at cooperation at the moment ahead.

NS - welcome quick + decisive action where data

more share data the better.
