

PM Call at 10.00am

(VQ with MD & JR) + FMs Scotland & NI

- B)- putting off some liberalisations for 2 weeks inc some sport crowds
- toughen up face covering messages by reg museums, worship, cinema
 - local test & trace important to pick up transmission issues inc particular aspect of household contact/transmission
 - change has been quick & 'decisive'
 - only by getting tough fast that you can get the response that you need
 - understand attempt to produce joint text between UK & devolved govt
 - without vaccine/drugs to cure one utensil available is public messaging; others may have other points; simplicity and clarity is important - speak with one voice as far as possible

NS- welcome action where data warrants - good to share; agree on clarity and consistency; all of us have to be consistent in our own messaging & consistent from week to week to avoid confusion; advising people from Scotland not to travel to affected N England; consider 5 mile guide for travel

B)- can travel to and from affected areas but should not stay with other households; can pitch a tent but not stay in ^{houses}

AF - proximity app launched yesterday; welcome call & look forward to text for joint statement

B)- a statement on what? yes sorry... clarity is our friend

MD - in all interviews asked about travel from N England to Wales; local messaging would be helpful; circulation falling & concern over importation

MD B)- will see what we can say about that; recognise issue over not going to stay in someone's house but could go to a BXB in Wales

MO'N - we (AF & MO'N) to request a British Irish Council meeting

B)- will consider that; thank you for everything you're doing; talked about school opening; speak soon

Irrelevant & Sensitive
