[19/03/2020, 18:14:31] MUNIRA MIRZA: Michael, I am concerned that PHE and DHSC are overwhelmed and unable to take up the many offers we are receiving from businesses for ventilators and PPE. We have been forwarding requests from hospital suppliers and manufacturers but some are waiting days for contact. Matt is chairing the health committee so there is little opportunity to scrutinise DH's capacity and delivery. I don't intend to sound critical of colleagues who are working incredibly hard and under enormous pressure. But perhaps you could check whether they need extra support. I have asked but had no response.

[19/03/2020, 18:14:38] MUNIRA MIRZA: Munira, by the way.

[19/03/2020, 18:15:44] MUNIRA MIRZA: Will Warr in my team has been driving the testing regime because PHE simply could not do it; they are focused on the current testing in hospitals. I worry that they are equally struggling on ventilators.

[19/03/2020, 18:30:47] MUNIRA MIRZA: Actually, Matt H has just confirmed delivery of a lot of PPE and masks, so maybe I texted too soon...no need to reply if it's all in hand.

[05/10/2020, 07:31:24] MUNIRA MIRZA: Have you got half an hour this afternoon? I have an idea I want to discuss with you.

[05/10/2020, 09:24:22] Michael Gove: Of course! Between 230 and 345? Or after 545?

[05/10/2020, 09:35:21] MUNIRA MIRZA: 2.30 is great. I'll come to your office. Thanks

[05/10/2020, 09:36:33] Michael Gove: Thank you!
